

Made to Precision

MODEL R11 Regulator Pressure Gauge

Features

- ✓ Stainless steel case
- ✓ Removeable Front Cover
- ✓ EN562, Use no oil

Typical Applications

- ✧ Air / Gas regulators
- ✧ Welding and cutting equipments.
- ✧ Medical and pharmaceutical industry
- ✧ Petrochemical processing
- ✧ Food and beverage processing
- ✧ Power general stations
- ✧ Hydraulic and pneumatic system
- ✧ Industrial OEM equip.
- ✧ Compressors and pump systems
- ✧ Valves positioners

Specification

Dial	2"(50mm), 2.5"(63mm)
Case	Stainless steel case
Ring / Len	Twist-Lock Polycarbonate
Movement	Stainless steel or Brass optional
Connection Material	Stainless steel 316 or Brass optional
Bourdon Tube	Stainless steel 316 or Brass optional
Connection Thread	1/4"NPT
Accuracy	2" - 2.5% ; 2.5" 1.6%
Range Available	Up to 400 bar
Temperature	-40 to 65°C
Max. Pressure	75%
Enclosure Rating	IP52
